SUMMARY

Senior Frontend Developer with 7+ years of experience building scalable, high-performance, accessible web applications using React, TypeScript, modern JavaScript, state management, and CI/CD.

EXPERIENCE

Senior Associate II

Alcon Laboratories India Pvt Ltd **October 2024 - Present, Bengaluru**

- Developed the **Marlo Healthcare** platform for **B2B2C** and **B2C** models, delivering scalable **Patient** and **ECP** portals supporting end-to-end healthcare workflows.
- Built the **ECP** portal using **React, Redux Toolkit,** and **Material UI**, reducing state management complexity by **40%**, improving UI consistency, and integrating **OAuth** authentication and **Sequra** services.
- Optimized the **Patient** portal using **Angular** and **TypeScript** with a modular, responsive architecture, improving page load performance by **30%** and accelerating feature delivery.

Senior Frontend Developer

Vorro India **February 2023 - October 2024, Rudrapur**

- Developed a **React** data transformation platform, improving processing performance by **40%** and data accuracy by **25%**.
- Optimized component architecture and reusable UI, increasing application stability by **30%** and reducing development effort by **20%**.

Consultant

Deloitte **January 2022 - January 2023, Gurugram**

- Developed a Waste Management application using Angular, React, TypeScript, and Bootstrap, reducing scheduling errors by 20% and improving user satisfaction by 25%.
- Optimized frontend workflows, increasing operational efficiency by 30%.

Senior Software Engineer

Capgemini **March 2019 - January 2022, Pune**

- Built a secure document management platform with RBAC, improving collaboration and resource accessibility.
- Delivered AIQUIC and FNOL integrations, reducing analysis time by 30%, settlement time by 40%, and achieving 95% processing accuracy.

PROJECT

react-virtual-renderer — React Library

react-virtual-renderer.vercel.app/

- Improved rendering performance by optimizing virtualization, measurement caching, and DOM updates, achieving **60 FPS** scrolling with **70%** lower memory usage.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Frontend: React.js, Next.js, Angular, Redux Toolkit, RTK Query, Tailwind CSS, Material UI

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Tools: Git, Docker, Vite, Webpack, Postman, Jest

Methodologies: Agile/Scrum, Responsive Design, Performance Optimization

Cloud & DevOps: AWS (EC2, S3, CloudFront, IAM, Lambda, API Gateway, RDS, CloudWatch), Docker, Git

EDUCATION

BE/B.Tech, Computer Science

BBD University • Lucknow India • 2018 • 3.7/4.0

- Graduated with First Class with Distinction, achieving a GPA of 3.7/4.0 (81.84%).
